

Questions to ask as Homeroom Coordinator

Try asking questions like these:

1. What's the best way to communicate, and how often should you be in touch?
2. Who's in charge of crafts? Some teachers will welcome your ideas, others will have more specific craft plans to support the curriculum.
3. Who gets the supplies for crafts?
4. What are the snack rules for the classroom?
5. Does your classroom have birthday parties?
6. Aside from parties and projects, are there other classroom tasks the teacher needs help with?
7. Does the teacher want you to ask parents for help at parties, or will she handle that?
8. Which holidays or events do you plan to have celebrations for in class?
